

The Waste Batteries and Accumulators Regulations 2009 Part 5: Producer obligations: Industrial and Automotive Batteries

As a producer of industrial batteries under the Waste Batteries and Accumulators Regulations 2009, Fox Lux Limited produce Lithium Iron Phosphate batteries (LiFePO₄).

We are obliged to take back free of charge, waste industrial batteries supplied to an end user for treatment and recycling. We are required to do this in any calendar year we place new industrial batteries on the market. If any of our customers or in certain cases other end users, require us to take back industrial batteries, they should contact us by email to hello@fox-lux.co.uk

We will agree the necessary arrangements for the return, proper treatment and recycling of the waste industrial batteries.

A handwritten signature in black ink, appearing to be 'S Fox', positioned above a horizontal line that spans the width of the signature area.
